

AVON  
**youth Assistance PROGRAM**

**2024**

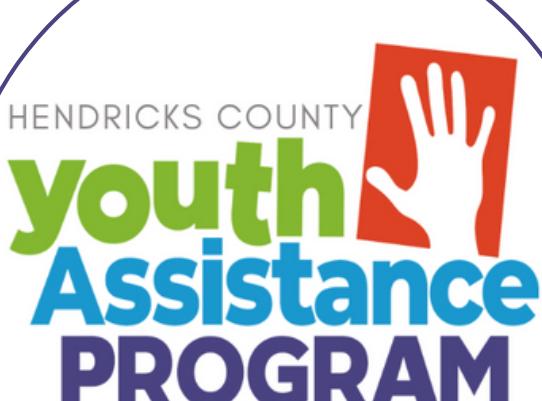

Impact  
Report

# From Judge Tanselle:

The Hendricks County Youth Assistance Program is a program that every resident of Hendricks County should be proud of. The Plainfield Youth Assistance Program was the first building block to bring a positive, early intervention program to children and families alike in Hendricks County. The Avon Youth Assistance Program took that block and made a program that fit the needs of Avon students and families. Words cannot express how delighted I am with the foundation being built to provide children and families in Hendricks County with access to resources such as mentoring, tutoring, counseling, housing assistance, and so many others without the need for formal, or forced, intervention. I was honored to help build the foundation stronger during my time as judge, and I cannot wait to see where the Hendricks County Youth Assistance Program goes.

## Mission

The Hendricks County Youth Assistance Program serves as a voluntary early intervention and advocacy process for at-risk youth and families in Hendricks County. HCYAP engages the community holistically and brings together individuals, businesses, faith-based and other nonprofit organizations to provide support, enrichment and opportunities for youth and their parents and caregivers.

"Wow you all have been awesome, and I can't tell you how you have made this transition a lot easier for him and me both. Thank you so very much for stepping up and helping us. Thank you Thank you Thank you!!!!"- AYAP Parent

# Advisory Board President

After several years of discussions and planning, the Avon Youth Assistance Program was launched in August 2024 in partnership with Avon Community Schools and Town of Avon.

In the short time since August, AYAP has grown from 5 students to serving 34 students. AYAP started serving students in the Avon Academy and after Fall Break, AYAP was in Avon High School. In the first round of the AYAP Mentorship Program, we established 5 Mentor/Mentee matches. This growing program needs volunteers to serve as mentors to our teen students. If you are curious about the details of this program, please contact Director Staci Hovermale at [shovermale@co.hendricks.in.us](mailto:shovermale@co.hendricks.in.us).

Our goal as the Avon Youth Assistance Advisory Board is to help the youth in our community thrive. To fulfill our mission and meet our goals, the Advisory Board must grow awareness, fundraise, and increase engagement to allow more opportunities for our Avon youth to participate with our community partners. We currently have 10 Advisory Board members but are seeking community leaders who share our passion and will join our mission. If you are interested in serving, please reach out to me at [mbcarmichael993@gmail.com](mailto:mbcarmichael993@gmail.com).

It's an honor to serve this board and our community. Please look for more information about the AYAP Fundraising Trivia event coming this fall.

With Gratitude,  
Mary Beth Carmichael  
Avon Youth Assistance Advisory Board President

# Staff:

Staci Hovermale- Hendricks County Youth Assistance Director  
Melissa Echerd- Early Intervention Advocate

Michael Sullivan- Avon Community School Corporation  
Emily Thomas- Hendricks Power  
Libby Whipple- Retired

## Ex-officio

Judge Ryan Tanselle-  
Hendricks County  
Juvenile Judge Superior Court 3

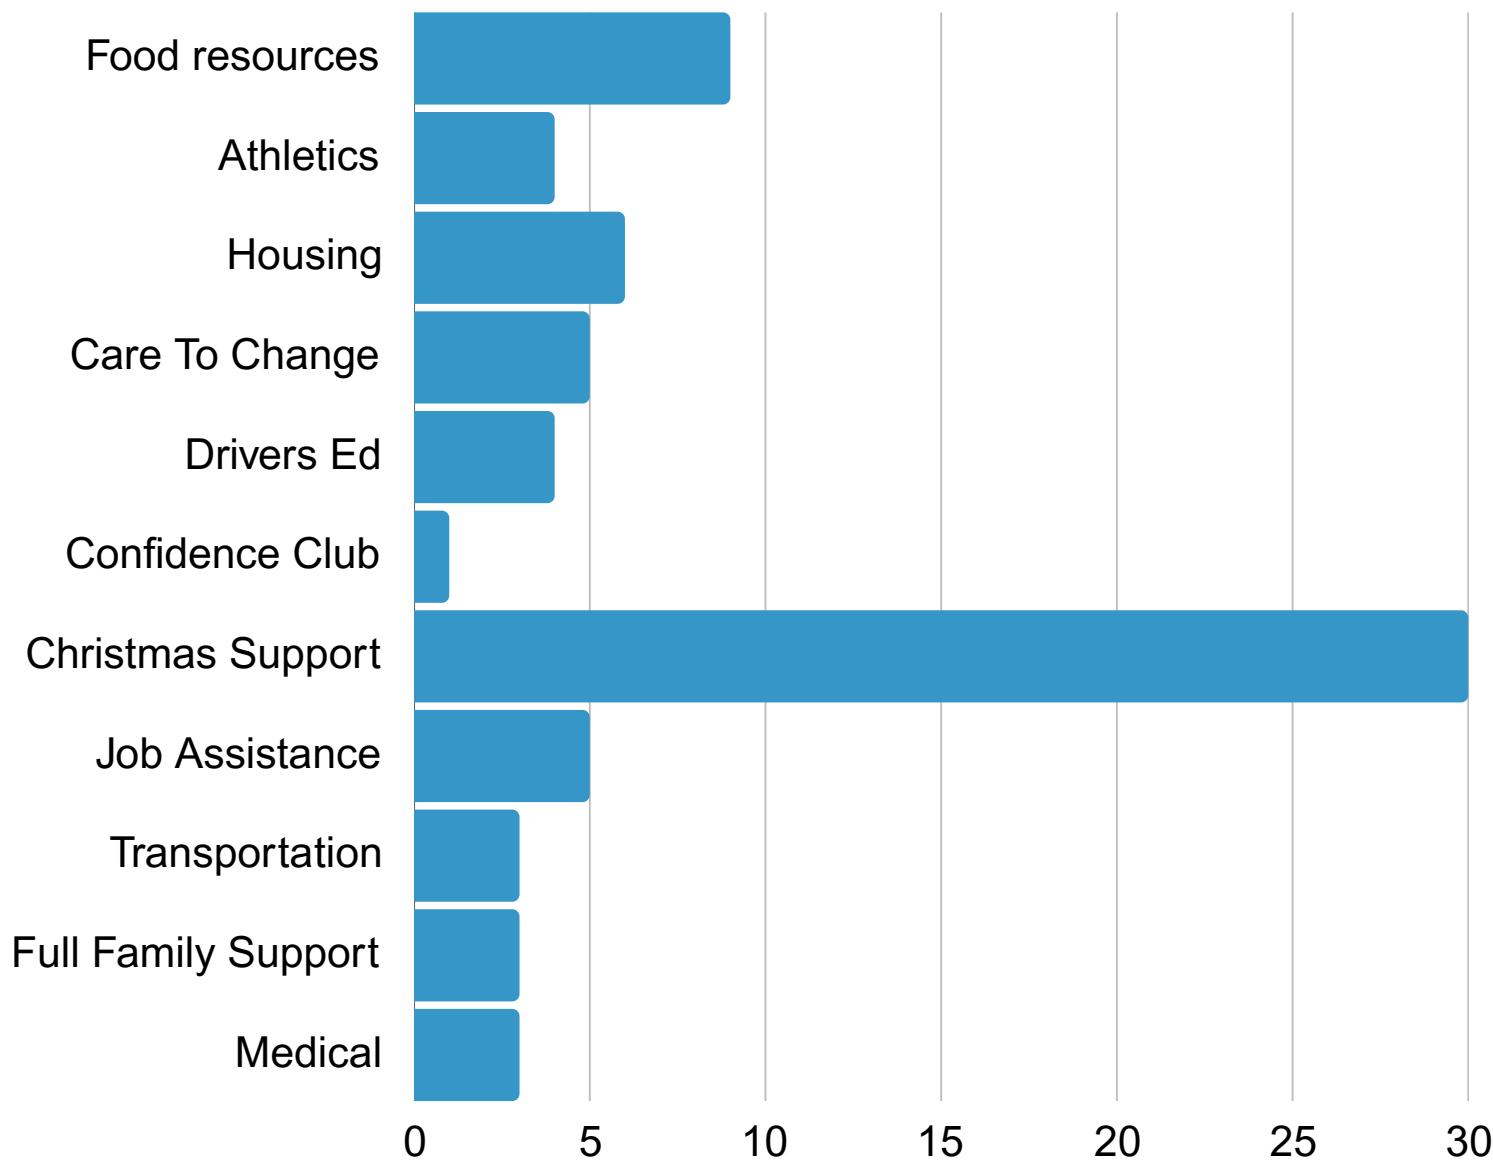

# Community Programming

AYAP is a program of staff, volunteers, and the Avon community that comes alongside teen students and families during some of their most difficult circumstances. AYAP Early Intervention Advocates help students navigate resources and encourage them to get engaged in their school and community.

## 2024 Highlights

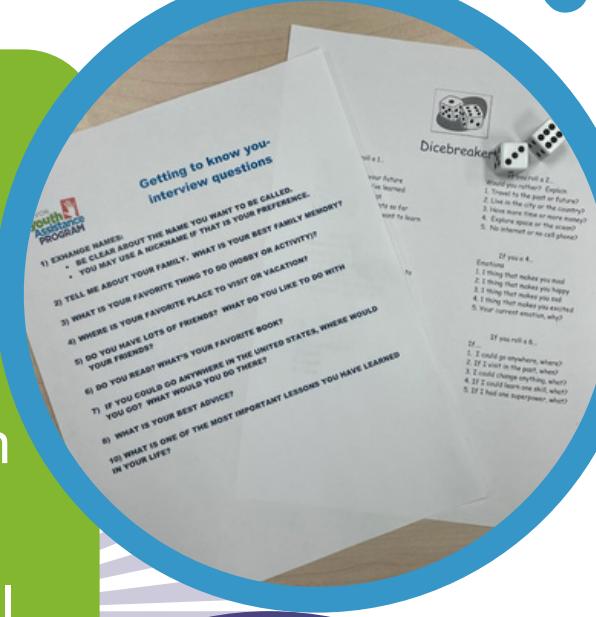

# Mentoring

Mentoring is a trusting relationship over a prolonged period of time between a student and a caring adult. The adult provides help to the teen student as he/she goes through life, offering guidance and support. The purpose is for the student to feel a sense of connection and belonging.

Mentorship Program

# Impact

"Mrs. Victoria is a miracle worker and I don't mean that figuratively. She quite literally saved my life. Enduring a lifetime of abuse, emotional trauma and basically hell. I was at my wits end. I've committed 4 times and without Mrs. Victoria there would've been a 5th. She saw the environment I was in and declared it unfit. Instead of blowing me off and telling me "it gets better" or "just wait until you're 18" like cps has been for literally more than a decade, she actually acted upon the matter and kept her word. And because of that, my life has truly changed for the better. No more sleepless nights and unreasonable blame. No more being the scapegoat for my family. No more fearing for my next meal or where I'm going to sleep or fear of being kicked out. My life finally has stability and with a strong foundation I can only build up from there. All thanks to Mrs. Victoria and AYAP for their efforts."

"AYAP has gave me the support to be successful and pursue my aspirations as a musician and be there for me mentally. Mrs. Melissa got me into a music school called launch Pad to learn to produce and be a music engineer. The AYAP group is working on getting me a mentor to really talk about my feelings with and give me advice with what I have going on that isn't someone in my personal life. I thank AYAP and I'm grateful to be a part of it." AYAP Student
